TERMS AND CONDITIONS

1) I understand that I am buying only the artist's time and labour, at a recognised and appropriate rate, based on the agreed fee framework

2) I understand that the textile that results from this labour is simply a by-product of that labour. It is proof of the work, not an artwork in itself. It has no value.

3) I understand that the artist will make the best efforts to undertake the labour on the date specified at the specified site, and will notify me accordingly if the labour cannot take place as agreed, in order to arrange a new time and place.
